summer. Here's your guide to road-tripping through North Beach—San Francisco's must-see neighborhood most popular for its lively and sultry bars, electric nightlife, quaint cafés, independent bookshops, galleries, musical performances and much more. It is an area adored by both tourists and residents, making it a necessary stop for anyone passing through. Get your suitcase ready and make your way to North Beach!

## HOTEL ZOE

► Nestled near the romantic Fisherman's Wharf is Hotel Zoe, a cozy boutique hotel. Best part? You won't need to venture far to have a good time!

**Native Knowledge:** This hotel was named after Giuseppe Cammellome, an immigrant to the city who became known as "The Tuscan" and King Fisherman of the Wharf before changing to Hotel Zoe.
