Location: L'Auberge Del Mar is located right along the ocean in the heart of Del Mar, one of Southern California's most charming beachside communities. The resort sits within walking distance of local attractions including dining, shopping and outdoor activities and more.

About: With an authentic blend of style and elegance, L'Auberge Del Mar is a coastal estate resort that truly allows for that breath of fresh air moment from the moment guests set foot on property. A collection of tastefully decorated communal spaces invite guests to relax and connect with friends, get lost in a book by the pool, rejuvenate at Spa L'Auberge or take a stroll down the resort's private path that offers direct beach access.

Property History: L'Auberge Del Mar is located on the historic site of The Stratford Inn, built in 1910. The Inn was a hot spot for Hollywood celebrities looking for an escape from Tinseltown and the excitement of Bing Crosby & Pat O'Brien's brand new Del Mar Fairgrounds and Racetrack. Celebrities such as Lucy and Desi Arnaz and Jimmy Durante were often found at the resort.

During World War II, the beachside hotel opened its doors to soldiers and their families for much-needed holidays. The post-war saw the hotel fall into disrepair and it was eventually demolished in 1969. In 1985, local resident Jim Watkins purchased the property and rebuilt the hotel, and in 1989, it re-opened its doors as the L'Auberge Del Mar.

Since 1989 we have seen many changes, beginning in 2008 with a \$25 million renovation, again in 2017 with a renovation under the direction of Barclay Butera and most recently with a \$10.5 million renovation that saw completion in early 2021.

Adelaide: Helmed by Executive Chef Nick Green, Adelaide is L'Auberge Del Mar's ocean-forward, ingredient-driven dining experience that celebrates the bounty of the Pacific waters ranging from Baja to the North Salish Sea. The culinary team works with local farmers, fishermen and foragers to source sustainable and honest offers to showcase ingredients at their peak. The kitchen is helmed by Executive Chef Nick Green, who was a member of multiple James Beard Award winning culinary teams prior to joining the Noble House Hotels & Resorts team as an executive chef in 2018. The menu is infused with locally and responsibly sourced ingredients with a nod to seasonality.

Pool Bar: Charged by the sun and supported by a poolside concierge providing you with every detail of the true cabana life—Pool Bar captures the ethereal and sun-kissed locale with its own heartbeat. Frozen sips and specialty dishes from the kitchen round out the experience—a chaise, a frosé, and the Del Mar sun add up to Pool Bar perfection.

Lyric Coffee: Lyric Coffee is an ode to individual rhythms and daily rituals. Proudly featuring Bird Rock Coffee Roasters, this elevated coffee shop fuses the energy of a local's favorite café with the allure of Del Mar's newest standalone coffee experience.
